

Academic Transcript of Xi'an University of Posts & Telecommunications

School: School of Computer Science & Technology

Major: Computer Science and Technology

Class: Computer Science and Technology 1402

Student No.: 04141061

Name: Liu Zixin

Course Name	Type	Credit	Grade	Course Name	Type	Credit	Grade	Course Name	Type	Credit	Grade
1st Semester of 2014-2015 Academic Year				Data Structure Course Design	Required	1.0	Good	Employment Guidance for College Students	Elective	2.0	89
C Programming I	Required	3.0	77	Data Structures and Algorithms	Required	5.0	83	Career Planning for College Students	Elective	0.5	98
From Traditional Data to Big Data	Elective	0.5	Good	Digital Circuit Experiment	Required	1.0	83	Computer Networking	Elective	4.0	72
College Physical Education I	Required	1.0	86	Digital Circuits and Logic Design A	Required	4.0	67	Principles of Computer Composition A	Required	4.0	89
College English I	Required	4.0	60	Situation and Policy II	Required	0.5	99	Science and the Enlightenment	Elective	2	98
Advanced Mathematics AI	Required	6.0	82	Outline of Chinese Modern History	Required	2.0	89	1st Semester of 2017-2018 Academic Year			
Introduction to Computer Science	Required	2.0	65	2nd Semester of 2015-2016 Academic Year				Large-Scale Database System	Elective	2.0	78
Military Theory	Required	1.0	100	Fundamentals of MATLAB Programming	Elective	2.0	77	Fundamentals of Entrepreneurship for College Students	Elective	1	100
Military Training	Required	2.0	Good	Operating System A	Required	4.0	88	Computer System Architecture A	Elective	3.0	83
Ideological & Moral Cultivation and Fundamentals of Law	Required	3.0	91	College Physical Education IV Module	Elective	1.0	75	Economy and China's Economy	Elective	2	99
Linear Algebra A	Required	3.0	66	Object-Oriented and C++ Programming	Elective	4.0	72	Embedded System Circuit Board-level Assembly	Required	2.0	Medium
Situation and Policy I	Required	0.5	100	Digital Logic Course Design	Required	2.0	Medium	Algorithm Design and Analysis B	Elective	2.0	60
2nd Semester of 2014-2015 Academic Year				Introduction to Communication A	Elective	3.0	80	Situation and Policy IV	Required	0.5	100
C Programming II	Required	4.0	84	Microcomputer Principles and Interface Technology E	Required	4.0	75	2nd Semester of 2017-2018 Academic Year			
College Physical Education II	Required	1.0	71	Music Appreciation	Elective	2	91	Graduation Design	Required	14.0	Good
College English II	Required	4.0	79	English Translation	Elective	2.0	84	Production Internship	Required	4.0	Medium
Advanced Mathematics A II	Required	6.0	90	1st Semester of 2016-2017 Academic Year				Quality Development 8Credit	Practice	8.0	Pass
Advanced Language Programming	Required	1.5	Medium	Java Programming B	Elective	3.0	92				
Engineering Drawing and Computer Drawing A	Required	2.0	83	Fundamentals of Verilog-based FPGA Design	Required	4.0	84				
Discrete Mathematics	Required	4.0	82	Professional English for Computer	Elective	2.0	85				
Social Etiquette	Elective	2.0	90	Introduction to the Basic Principles of Marxism	Required	3.0	82				
Introduction to Mao Zedong Thought and the Theoretical System of Socialism with Chinese Characteristics	Required	6.0	85	Ten Lectures on Ming History	Elective	1	96				
Cognitive Internship	Required	0.5	Good	Embedded System Principles and Applications A	Elective	4.0	75				
1st Semester of 2015-2016 Academic Year				Software Engineering B	Elective	2.0	81				
Mental Health Education for College Students	Elective	1	98	Database Principles and Applications A	Elective	4.0	96				
College Physical Education III Module	Elective	1.0	70	Situation and Policy III	Required	0.5	99				
College Physics B	Required	4.0	69	Hardware Course Design	Required	2.0	Excellent				
College Physics Experiment B	Required	2.0	81	2nd Semester of 2016-2017 Academic Year							
College English III	Elective	2.0	84	Android Application Development	Elective	2.0	84				
Basic Circuit Experiment	Elective	1.0	78	FPGA Modeling Machine Course Design	Required	2.0	Excellent				
Probability Theory and Mathematical Statistics B	Elective	3.0	92	Linux Operating System B	Elective	2.0	84				
Metal Engineering Internship B	Required	1.0	Good	Compilation Principles	Elective	4.0	82				

School(Seal): School of Computer Science & Technology of
Xi'an University of Posts & Telecommunications (seal)

Approver: Yang Rong(seal)

Academic Affairs Office(seal):

Academic Affairs Office of Xi'an University of Posts & Telecommunications(seal)

Print Date: March 7, 2019
